ABSTRACT

The Illinois State Scholarship Commission (ISSC) is responsible for the administration of 9 state authorized and funded financial aid programs for Illinois postsecondary students. The major programs consist of: (1) nonrepayable monetary awards, and (2) guaranteed educational loans. The purposes of the Commission's programs are to: (1) equalize educational opportunity; (2) preserve diversity in higher education by permitting freedom of institutional choice; (3) conserve public funds by making it possible for needy students to utilize unused spaces at Illinois nonpublic colleges; (4) permit a student's in-school employment or loans to be at a modest level so as to not affect his studies or career plan; (5) combine with institutional and federal aid and parents funds to meet the college costs of the institution of the applicant's choice. The Monetary Award Program provides nonrepayable aid to needy students; neither test scores nor records are assessed when application is made. The Illinois State Scholarship Program identifies high school seniors with superior ability; and the Illinois Guaranteed Loan Program guarantees loans made for educational expenses. This document also presents statistical tables concerning the Commission's other programs: grants for children of Illinois prisoners of war, scholarships for bilingual students, and payments for veterans at public community colleges. # INTRODUCTION

The Illinois State Scholarship Commission, a Governor appointed body of seven persons, is responsible for the administration of nine state authorized and funded financial aid programs for Illinois postsecondary students. The aid programs of the ISSC, combined with institutional and federal aid and with the funds expected from parents and the applicant, meet the college costs of the institution of the applicant's choice. The major programs consist of (1) non-repayable monetary awards and (2) guaranteed educational loans.

Among the purposes of the Commission programs are to

- Equalize educational opportunity by removing financial barriers to college
- Preserve diversity in postsecondary education by permitting freedom of institutional choice
- Conserve public funds by making it possible for financially needy students to utilize any otherwise unused spaces at Illinois non-public colleges.
- Permit a student's in-school employment workload and/or loans to be at a sufficiently modest level so as not to adversely affect his studies or career plans.
- Combine with institutional and federal aid with the funds expected from parents and the applicant to meet the college costs of the institution of the applicant's choice

The **Monetary Award Program** provides non-repayable assistance to financially needy students; neither test scores nor high school records are assessed as a necessary condition to apply for funds. Monetary award winners must be Illinois residents demonstrating financial need and be planning to pursue full-time undergraduate study at more than 180 approved public or non-public colleges and universities, hospital schools of nursing or allied health programs located in Illinois. Financial need is determined by a standardized need assessment based upon a comprehensive review of the family financial strength and the specific cost of attending the approved Illinois educational institution of the applicant's choice. Students at varying levels of academic ability can participate in the program provided they can successfully enter and continue to progress satisfactorily through a collegiate level of study.

The **Illinois State Scholar Program** publicly and, with a personal Certificate of Merit, identifies those high school seniors who possess superior academic potential as measured by their test scores and high school records. The State Scholar designation is an honorary recognition only; financial need is not a requirement, nor are State Scholars automatically entitled to a monetary award. To be eligible for financial assistance, a State Scholar must submit an application to the Monetary Award Program and demonstrate financial need.

The **Illinois Guaranteed Loan Program** guarantees loans for educational expenses made to state residents by Illinois private banks, savings and loan associations, and credit unions. The IGLP is responsible for verifying the eligibility of an applicant for the loan guarantee, processing requests for default payments from lenders, and collecting loan payments under new agreements from those students who were earlier unable to meet their original agreement with lenders. The Commission reimburses the lender for the full principal amount and interest on a loan if the borrower dies, becomes disabled, or fails to meet contract obligations. Federal funds assume a large percentage of the financial responsibility for the payment of all defaulted loans and the cost of interest subsidy for those students qualifying for such benefits. Effective March 1, 1973, eligibility for an interest subsidized loan is related to an analysis of the family financial strength. Loans are guaranteed to residents of Illinois who are full-time undergraduates and graduates at collegiate and vocational institutions throughout the United States and some foreign countries.

In addition, the Commission administers the following other programs: benefits for dependents of Illinois residents who are prisoners of war or are missing in action, grants for children of Illinois policemen, firemen and correctional officers killed in line of duty, scholarships for bilingual students and teachers, and matching grants to public senior universities at which a scholarship fund has been established from voluntary contributions by students. Payments for veterans enrolled at public community colleges are also an ISSC responsibility.

## ILLINOIS STATE SCHOLARSHIP COMMISSION ORGANIZATION

**THE GENERAL ASSEMBLY OF THE STATE OF ILLINOIS** established the Higher Education Student Assistance Law. It amends the Law and approves administrative, monetary award, and loan fund appropriations.

**THE GOVERNOR OF ILLINOIS** appoints members to the Commission and designates one member as a chairman.

**THE SUPERINTENDENT OF PUBLIC INSTRUCTION** is an ex-officio member of the Commission; he is responsible for approving all high schools for Commission purposes.

**THE COMMISSION** establishes policies and procedures not in conflict with or covered by the Higher Education Student Assistance Law, approves all student winners, approves all committee appointments, appoints the Executive and Administrative Directors, initiates and approves recommendations for legislative and budgetary needs, and approves the participating colleges. The Executive and Administrative Directors administer the program of the Commission, assume responsibility for the operation of the Commission offices, and represent the Commission in public contacts.

All employees of the Scholarship Commission (professional and clerical) are employed under the University Civil Service System of Illinois.

## ISSC ADVISORY COMMITTEES

From the inception of the State Scholarship Commission, advisory committees have been a functioning aspect of the Commission. Members of these committees represent broad educational interests throughout the state of Illinois. Present committees and their memberships are:

### General Advisory Committee

*Vincent G. Chiaro,* Director of Financial Aid, Sangamon State University; *Robert W. Davenport,* Director of Guidance, Centennial High School, Champaign; *Stephen Dougherty,* Director of Financial Aid, Lincoln College, Lincoln; *E. Martin Jehn,* Financial Aid Officer, Cook County School of Nursing, Chicago; *Kenneth Kerr,* Dean of Student Personnel Services, Eastern Illinois University; *Rev. Chester A. Mitoraj,* St. Hyacinth Parish, Chicago; *Sister Mary C. Mulhern,* Director of Admissions, Rosary College; *Orville Nothdurft,* Director of Admissions, Bradley University; *Harold O'Neil,* Dean of Student Services, John Logan College; *Eugene O'Toole,* Assistant Director of Admissions, Illinois Central College; *Anthony T. G. Pallett,* Director of Admissions and Aid, The University of Chicago; *Gene Primm,* Senior Counselor, Illinois Valley Central High School; *Ms. Marilyn Prior* (Student), Bourbonnais; *Eugene S. Riley,* Project Director, Neighborhood Youth Corps, Waukegan; *Wesley S. Simons,* Area Head, Student Administrative Services, Western Illinois University; *Walter Steinberg,* Principal, Luther High School South, Chicago; *Curtis W. Thomas,* Assistant Coordinator, Comprehensive Education Commission, E. St. Louis; *David W. Turner,* Principal, Morrison Community High School, Morrison; *Farley Woods* (Student), Lockport.

### Jury and Financial Need Advisory Committee

*Robert Beckwith,* Manager, Education Department, Illinois Chamber of Commerce, Chicago; *Elwood Buchanan,* Administrative Assistant to the Director, Student Work and Financial Assistance, Southern Illinois University, Edwardsville; *Steve J. Danley* (Student), Streator; *John T. Flynn,* Financial Aid Officer, Lake Land College; *Mrs. Laura R. Grafman,* Director of Financial Assistance, National College of Education; *Ken Gunji,* Coordinator of Financial Aids, Parkland College; *Dan Hall,* Associate Director of Financial Aid, Northwestern University; *Dr. Gloria Lewis,* Associate Professor, Guidance and Counseling in Education, Loyola University; *Ms. Terri Wernsman* (Student), Centralia; *Gordon White,* Director of Financial Aid, Lake Forest College; *Joseph Zimny,* Student Work & Financial Assistance, Southern Illinois University, Carbondale.

### Advisory Committee on Testing and Determination of Academic Potential

*Walter Akhurst,* Director of Admissions/Financial Aid, Rockford College; *Jack Allen,* Director of Admissions Millikin University; *Miss Mildred Fox,* College Consultant, Evanston Township High School; *Miss Joan Jordan,* Administrator of Division of Guidance, Pupil Personnel Services, Chicago Board of Education; *Edward W. Robinson,* Counseling and Testing Services, Western Illinois University.

### Advisory Committee on Attrition

*Roger H. Campbell,* Director of Admissions, Northwestern University; *Ted S. Cooper,* Executive Director,

National Association of College Admissions Counselors; *George Henning,* Vice President for Special Services, Augustana College; *E. Eugene Oliver,* Director, School and College Relations, University of Illinois-Urbana; *Joseph Quinn,* Dean of Admissions, Quincy College; *Dr. Richard Wagner,* Special Assistant for Governmental Affairs, Illinois Board of Higher Education.

**Data Exchange Advisory Committee**

Two representatives from each of the following institutions:

Augustana College
Bradley University
Loyola University
University of Illinois at Chicago Circle
Western Illinois University
William Rainey Harper College

**Advisory Committee on Equal Educational Opportunity**

*Dr. Robert M. Crane,* Professor, Social Justice, Sangamon State University; *Vincent T. Demuzio,* Executive Director, Illinois Valley Economic Development Corporation, Carlinville; *Leon Dingle,* Dean, Allied Health Sciences, Rush-Presbyterian-St. Luke's Medical Center, Chicago; *Joseph H. Gloor* (Student), Aurora; *Dr. Nan McGehee,* Associate Chancellor, University of Illinois-Chicago Circle; *Bill G. Pyle,* Director, Southern Illinois Talent Search Center, Carbondale; *Mrs. Dorothy Reynolds,* Community Representative, Chicago; *Carmelo Rodriquez,* Executive Director, Aspira, Inc., Chicago; *Ms. Marcia Roundtree* (Student), Metropolis; *Mrs. Diana G. Shipley,* Elementary Guidance Counselor, Decatur; *Domingo Tobias,* Vice President, Mexican-American Council on Education, Chicago.

**Bilingual Program Committee**

*Eduardo Cadavid,* Administrator of Special Language Services, Chicago Board of Education; *Rev. Rubin Cruz,* American Broadcasting Company, Chicago; *Dr. Angel Diaz,* Department of Special Education, Illinois State University; *Alfred Galvan,* American G. I. Forum, Chicago; *J. Zeferino Ochoa,* Executive Director, Archdiocesan Latin American Committee, Chicago; *Mike Santos,* Association House, Chicago; *Miss Maria Solis,* American G. I. Office, Moline; *Ms. Isabelle Torres* (Student), DeKalb.

**Illinois Guaranteed Loan Program Advisory Committee**

*Jim Conroy,* Supervisor of Special Accounts, Caterpillar Credit Union, E. Peoria; *Milton Davis,* President, South Shore National Bank, Chicago; *William Fox,* Vice President, Cairo Bank and Trust Co., Cairo; *Mrs. Florence Frith,* Assistant Vice President, First Federal Savings and Loan, Chicago; *Mrs. Lucille Halcomb,* Financial Aid Officer, Illinois State University; *George Harris,* Director of Financial Aid, Olive Harvey Jr. College; *John Lastofka,* Assistant Vice President, Elmhurst National Bank, Elmhurst; *Dr. Cathryn Mason,* Guidance Counselor, School District 189, E. St. Louis; *Jack Maxwell,* Assistant Vice President, First National Bank of Olney, Olney; *Mrs. Mary Jane Plapp,* Director of Financial Aid, Millikin University; *Harold Rabin,* President/Owner, Electronic Technical Institute, Chicago; *Bradford Townsend* (Student), Springfield; *Jim Zegunis,* Assistant Vice President, Home Federal Savings and Loan, Rockford.

## ILLINOIS STATE SCHOLARSHIP COMMISSION INSTITUTIONAL REPRESENTATIVES

State Scholarship Representatives receive all communications from the ISSC regarding student award decisions, recommendation procedures, and payment certification for their enrolled students. Almost without exception, these persons also serve as the chief financial aid officers and administer institutional, state and federal student financial aid programs at their institutions.

**Aero-Space Institute** – Dr. Alfred E. Stott
**American Cons. of Music** – Mr. Charles Moore

**Wheaton College** – Mr. Paul Sutcliffe
**Williams Col., George** – Mr. Edward W. Stowe, Jr.

## MONETARY AWARD PROGRAM

### 1973–74

Monetary awards are

- applicable only toward tuition and mandatory fees for full-time undergraduate study at more than 180 ISSC approved colleges, universities, hospital schools of nursing and allied health institutions located in Illinois
- made in amounts up to $1,300 annually but cannot exceed tuition and mandatory fees
- assigned on the basis of financial need at the approved college of the student's choice and re-evaluated if the college choice changes
- sent to the educational institution in the name of the recipient after the institution confirms the enrollment of the recipient
- renewable annually upon proper application
- provided from funds subject to annual review and appropriation

The program provides that the applicant, to be eligible for a monetary award, must meet the following requirements:

- be a citizen or permanent resident of the United States
- be a resident of the state of Illinois
- be a person of good moral character
- be eligible to enroll as a full-time (at least 12 credit hours per term) undergraduate student and be in good academic standing in an ISSC approved college, university, hospital school of nursing, or allied health institution
- not have received a baccalaureate degree or completed 150 semester hours or 225 quarter hours of college level course work
- demonstrate financial need as determined by the Commission from income/asset data supplied in the application filed by the announced deadline

### Effect of Other Gift Aid

The student may receive other gift aid (scholarships and grants) and retain his ISSC award so long as

- it is not in conflict with the ISSC award, which can only be applied toward tuition and fees
- it does not exceed unmet cost as determined by the Commission; in the event the unmet cost is exceeded, the ISSC award is reduced or withdrawn, according to the recomputation

| # Applicants/Announced Monetary | 69.8 | 69.4 | 60.2 | 78.6 | 73.5 | 74.2 | 72.8* | 78.6 | 79.9 | 80.0 |
| # Applicants/Enrolled Monetary | 62.8 | 58.8 | 54.2 | 62.6 | 59.8 | 60.3 | 58.1* | 61.1 | 63.9 | 66.5 |

*If not for denial of certain eligible applicants because of limited funds, the percentages would be 81.5% and 65.0%

"The General Assembly has found and hereby declares that the provision of a higher education for all residents of this State who desire such an education and are properly qualified therefore is important to the welfare and security of this State and Nation, and consequently is an important public purpose; many qualified students are deterred by financial considerations from completing their education, with a consequent irreparable loss to the State and Nation of talents vital to welfare and security. The number of qualified persons who desire higher education is increasing rapidly, and the physical facilities, faculties, and staffs of the institutions of higher learning operated by the State will have to be expanded greatly to accommodate such persons, with an attendant sharp increase in the cost of educating such persons. A system of financial assistance of scholarships, grants, and guaranteed loans for qualified residents of college age will enable them to attend qualified institutions of their choice in the State, public or private."

Quotation from Higher Education Student Assistance Law
(School Code of Illinois, Section 30-15)

# FINANCIAL NEED ANALYSIS

## Concepts and Procedures

The Higher Education Student Assistance Law states that, to authorize a monetary award, the Scholarship Commission must find that *"financial resources are such that, in the absence of scholarship aid, he (the applicant) will be deterred by financial considerations from completing his education at the qualified institution of his choice."*

The parents or legal guardian of every applicant for monetary assistance are required to submit confidential information concerning their financial strength. The authorization statement on all confidential statements must be signed, certifying the parents' willingness to submit an official copy of their federal income tax return, if requested. The Commission denies awards to those applicants whose reported financial strength is not in basic agreement with their federal income tax returns. Substantial efforts are made to obtain accurate information, and the degree of accuracy is verified by both internal checks and personal review of federal returns.

Need analysis systems now in use rely upon an estimate of what the family **could** (or **should**) be able to provide and not what they **will** provide. The major variables which affect the determination of need are size of family, total income, equity in assets, schooling costs for siblings, and expectations from student earnings and his assets. If determined need was based upon what the parent and applicant would be willing to provide in financial support, there would be obvious inequities in any program that required equitable determination of awards.

The Commission's need analysis system, facilitated by the use of computers, determines what the parents or guardian and student **could** provide for college cost in a given year. The annual objective assessment is made to estimate the difference between the expected family contribution and the dollar costs of attending the college designated by the applicant. Need is always related to the college choice and its costs.

To bring as much science, equity, and objectivity as possible to a most challenging responsibility, the Commission's advisory committee on financial need analysis reviews annually the need assessment procedures and the special treatment required for applications showing most unusual circumstances. The committee considers questions which pertain to business and economic conditions in Illinois, to parents who own or operate farms or business, and to situations which have been raised by their constituents.

The financial aid officers of Illinois colleges have accepted, to a very large degree, our need computation findings as being as accurate and fair as can be obtained through a printed form. Parents react to Commission decisions in an almost direct relationship to what they consider to be necessity or luxury in their family budget. A reasonable sacrifice on the part of the family to help meet college costs is a basic premise of the Illinois State Scholarship Commission procedures.

## What is Financial Need?

"Financial need" as defined by the Illinois State Scholarship Commission is the dollar deficit between the approved **ISSC COLLEGE COST BUDGET** and the total resources available to the student at his selected college. Any financial need which remains after the ISSC award is assigned is reported as **UNMET COST** to the college. The **UNMET COST** figure represents the amount of additional gift aid the student could receive from other donors without affecting the amount of his ISSC award.

## FUNDAMENTAL ESSENTIALS OF NEED ANALYSIS FORMULA

### (As Used for 1974-75 Awards)

The Need Analysis Formula below contains the basic essentials for about 85% of all ISSC applicants. Farm owners or tenants, business owners, and students receiving large amounts of veterans' or Social Security payments would not find the steps described below as an accurate guideline, since their circumstances would require special treatment.

**TO DETERMINE EXPECTATION FROM PARENTAL INCOME:**

**Add:** Parent(s) taxable and non-taxable income . . . . . $_____

**Subtract:**

| | | |
|---|---|---|
| Federal/state taxes . . . . . | $_____ | |
| Maintenance Allowance ($3000 plus $750 per each tax dependent) . . . . . | _____ | |
| Housekeeping Allowance (If mother or widower works, enter 25% of the earnings to a maximum of $2,000) . . | _____ | |
| Sibling schooling (tuition to $500 maximum for elementary/secondary private for each sibling) . . . . . | _____ | |
| Other dependents (Enter $750 for any tax dependent other than own child, spouse, or self) . . . . . | _____ | |
| Extraordinary expenses (Enter the difference between 15% of total income and itemized deductions on Federal Income Tax return to a maximum of 40% of taxable income) . . . . . | _____ | |
| Total subtraction | $_____ | $_____ *Remainder* |

**Multiply:** Remainder by the appropriate factor:

$ 0 to $ 4,999 – 26%
$ 5,000 to $ 5,999 – 27%
$ 6,000 to $ 6,999 – 28%
$ 7,000 to $ 7,999 – 29%
$ 8,000 to $ 8,999 – 30% . . . . . x_____ %
$ 9,000 to $ 9,999 – 31%
$10,000 + – 32%

**Result:** Available dollars from **income** for college costs

If two tax dependent children in college, reduce 25%
If three or more in college, reduce 50% . . . . . $_____

**TO DETERMINE EXPECTATION FROM PARENTAL ASSETS:**

**Add:** All equity in home and other real estate, value of savings and investments, business and/or farm equity, and student assets (if above $500) . . . . . $_____

**Subtract:**

| | |
|---|---|
| Business/Farm Allowance (Use one-half of equity in same) . . . . . | $_____ |
| Emergency Allowance ($750 per tax dependent) . . . . . | $_____ |

## FUNDAMENTAL ESSENTIALS OF NEED ANALYSIS FORMULA (Cont.)

**Subtract:** Thrift Retirement Allowance (based on age of father or widow):

| | |
|---|---|
| Up to 24 – $ 4,000 | 45 – 49 – $15,000 |
| 25 – 29 – $ 6,000 | 50 – 54 – $17,000 |
| 30 – 34 – $ 8,000 | 55 – 59 – $19,000 |
| 35 – 39 – $10,000 | 60 – 64 – $21,000 |
| 40 – 44 – $13,000 | 65 – Up – $23,000 |

. . . . . $_____

Widow/Widower Allowance (Enter $20,000) . . . . . $_____

Total subtraction $_____ $_____

*Remainder*

**Divide:** Remainder by the number which is eight times the number of parents plus four times the number of tax dependent children . . . . . ÷ *by number* _____

**Result:** Available dollars from **assets** for college costs . . . . . $_____

### TO DETERMINE EXPECTATION FROM THE APPLICANT:

The amount of student self-help is related to the College Cost Budget and is one-fourth of the College Cost Budget, but not less than $500 nor more than $1,000. (If family income is less than $6,000 and there is no expectation from assets, $500 is expected regardless of college costs) . . . . . $_____

### TO DETERMINE ISSC AWARD:

College Cost Budget (Illinois college selected by student) is about $1,900 plus tuition and mandatory fees . . . . . $_____

**Subtract:**

Available dollars from **income** . . . . . $_____

Available dollars from **assets** . . . . . $_____

Available dollars from applicant** . . . . . $_____

Total subtraction $_____ $_____

*Remainder*

**Remainder:** The difference of the College Cost Budget and the total dollars available from the family is the basis on which an award can be assigned. (Awards cannot exceed tuition and mandatory fees to a maximum of $1,300. Awards less than $1,300 are made in $150 intervals.) . . . . . **ISSC Award** $_____

**Balance is Unmet Cost** $_____

**Students' Earnings and Assets

1. The dependent applicant's resources from income and assets will be combined with the parents' financial strength in the assessment of need. For example, the expected self-help and federal/state taxes will be subtracted from applicant's income with balance added as parental non-taxable income.

2. The independent applicant's resources from income and assets will be combined with spouse's (if appropriate) after federal/state taxes and maintenance allowance are subtracted before assessing need.

## MILITARY VETERANS' SCHOLARSHIPS TO PUBLIC COMMUNITY COLLEGES

In August, 1969, the General Assembly authorized the Commission to make payments from its regular monetary award appropriation in the form of tuition awards for eligible veterans at Illinois public community colleges. This form of financial assistance, which may be used concurrently with G. I. Bill benefits, covers tuition and certain fees. Certification for eligibility for this program is verified by the respective colleges and the Illinois Junior College Board. Beginning with FY'74, veterans' scholarship payments were made from a separate appropriation administered by the ISSC.

**The first number refers to largest total of individuals assisted in any term of 1972-73; the number in parentheses refers to total number of term payments.*

## SUMMARY OF PAYMENTS BY YEARS TO VETERANS AT ILLINOIS PUBLIC COMMUNITY COLLEGES

| | No. of Awards (Term Payments) | Dollars |
|---|---|---|
| 1969-70 | 5,051 | $ 771,048.00 |
| 1970-71 | 21,559 | 1,740,788.65 |
| 1971-72 | 29,496 | 2,625,498.00 |
| 1972-73 | 39,111 | 3,308,706.61 |
| Totals to Date | 95,217 | $ 8,446,041.26 |

## P.O.W./M.I.A. DEPENDENTS' EDUCATIONAL BENEFITS

The Commission is authorized to pay up to $1300 in tuition and mandatory fees to any Illinois institution of higher education on behalf of the spouse and/or dependent child(ren) of any Illinois resident officially reported to be a prisoner of war, missing in action, killed or at least 90% permanently disabled since January 1, 1960. Eligibility for this program is not based upon financial need.

Benefits include tuition and mandatory fees for full or part-time undergraduate or graduate study and are applicable for a period of 8 semesters or 12 quarters of study. Payments are applicable at any not-for-profit Illinois institution of higher learning. Financial need is not a requirement for eligibility.

1972-73 benefits: 4 persons at 4 different schools – $1,969.50

## STUDENT TO STUDENT PROGRAM

In June, 1972, the Illinois General Assembly established an ISSC administered program providing to public senior universities of the state a stated maximum of "dollar for dollar" matching funds for any contributions they receive toward establishing special scholarships for needy students on these campuses. The money must be used in support of undergraduate Illinois residents attending these campuses. The funds matched by the universities must be raised from voluntary contributions under a plan developed and approved by the students, with a maximum contribution of $4 per year from any individual student.

| Participating Public Senior Universities | Dollars Paid 1972-73 | Best Estimates of Dollars Paid 1973-74 |
|---|---|---|
| Chicago State University | $ 255.31 | (Not participating) |
| Governor's State University | 5,056.00 | $ 10,500 |
| Northeastern Illinois Univ. | (Not participating) | 14,500 |
| Sangamon State University | (No awards) | 9,500 |
| Southern Ill.-Edwardsville | 34,867.50 | 42,000 |
| Univ. of Ill.-Urbana | 92,090.00 | 96,000 |
| Totals | $ 132,268.81 | $ 172,500 |

## BILINGUAL GRANT PROGRAM AWARDS, 1972-73

Beginning with the academic year 1972-73, the ISSC was directed to administer a program which provides scholarships in amounts up to $1300 per year toward the tuition and fees of undergraduate students who are bilingual but who are not certified to teach in the state of Illinois and must undergo additional course work in order to become so qualified. The uncertified teacher is eligible for up to two years of grant assistance through this program and must agree to teach for two years after certification in a school with a substantial enrollment of non-English speaking students. Eligibility for this program is not based upon financial need.

## BENEFITS FOR SURVIVORS OF POLICEMEN AND FIREMEN

ISSC provides educational benefits for the children, aged 25 or under, of policemen and firemen killed in the line of duty while employed by, or in the voluntary service of, the state of Illinois or any public entity in this state. Awards are provided annually in amounts up to $1300 per year for four years of full-time undergraduate study. Need is not a factor in eligibility.

1972-73 benefits: 1 student – $1200

## SCHOLARSHIPS FOR SURVIVORS/DEPENDENTS OF CORRECTIONAL WORKERS

ISSC is authorized to provide assistance of up to $1300 per year for survivors and dependents of employees of the Illinois Department of Corrections who were killed or became 90-100% disabled while in the line of duty in a security position with the department. To be eligible, the employee must have had responsibility for inmates of any correctional institution in this state. Payment can be made at approved public and private institutions of higher learning. Eligibility for this program is not based upon financial need.

1972-73 benefits: No awards made

# ILLINOIS STATE SCHOLAR PROGRAM

The Illinois State Scholar Program publicly and personally identifies those high school seniors who possess superior academic potential. Each student named a State Scholar receives a Certificate of Merit from the Illinois State Scholarship Commission. Besides receiving statewide recognition from the various news media in the state, the names of the State Scholars are given by the Commission to the colleges and universities in Illinois. The distinct honor of being named a State Scholar is further highlighted by the fact that many colleges and universities actively seek the State Scholar for admission.

## How an Applicant Becomes a State Scholar — The Competitive Selection Process

During the spring or summer, prior to the high school senior year, the prospective Scholar takes the designated examination. Currently the American College Testing Program examination is required. The applicant must designate the Illinois State Scholarship Commission (Code #1047) as a recipient of the scores. A minimum weighted test score *(currently English standard score x 4; mathematics standard score x 3; social studies standard score x 3; and natural sciences standard score x 2)* is established for those for whom an end of junior year rank in high school class will be obtained. Weighted test scores of 270 to 290 and higher have had ranks requested from high schools for the past five years. The rank-in-class and size of class are converted to a rank standard score to convert rank to make it roughly equivalent to high school grade average. Standard score rank-in-class is multiplied by a weighting of six and added to weighted test score. The sum of this addition is weighted selection score, and the highest weighted selection scores are named as State Scholars.

Selection score information for the State Scholars of the past seven years is shown below:

| Award Year | No. of State Scholars | Weighted Selection Scores | Mean Selection Score | Mean ACT Composite Score | Mean Weighted Test Score | Mean Rank Standard Score | |
|---|---|---|---|---|---|---|---|
| 1968–69 | 16,963 | 395–up | 452 | 26.7 | 319.4 | 22.1 | (90.51 Percentile Rank) |

# ILLINOIS GUARANTEED LOAN PROGRAM

In 1966 the Illinois Guaranteed Loan Program was established with the goal of assuring that no qualified student would be denied an opportunity to pursue a program of post-secondary education because of financial reasons. The results have been most gratifying. In 1973 Illinois banks, savings and loan associations, and credit unions made loans in the amount of $32,000,000 to Illinois students.

At its inception the Illinois Guaranteed Loan Program contracted with these commercial lenders to reimburse them for 100% of their principal loss on any student loan account which the borrower did not pay in full. As of September, 1971, the Guaranteed Loan Program was authorized to pay lenders any uncollected accrued interest which might be due on any defaulted account. At that time also the Illinois Guaranteed Loan Program was authorized to guarantee loans to students who were not United States citizens but were permanent residents of the country.

From 1966 the Illinois Guaranteed Loan Program operated with a reserve fund appropriated by the State of Illinois, and the Program contracted with its lenders to maintain one dollar on reserve for every ten dollars of the Program's share of the liability on the loans it guaranteed. In 1969 the Illinois agency signed a reinsurance agreement with the federal government which committed the federal government to reimburse the state agency for 80% of the dollar amount of each default claim paid to lenders. In 1972 the Illinois legislature amended the "Higher Education Student Assistance Law" to pledge the full faith and credit of the State of Illinois to cover any potential default obligations of the Illinois Guaranteed Loan Program, thereby removing any further need to maintain dollars on reserve.

Many persons have contributed to the success of this program, and the Commission is very grateful for the interest and support of our state officials and legislature and for the cooperation of the educational community. Much of the success this program has experienced must also be credited to the supportive attitude of the private lending community, which has invested millions of dollars and countless numbers of man-hours to make an educational dream a reality for many Illinois students.

## PROGRAM REQUIREMENTS

### Student Eligibility

The student applicant must be:

1. A citizen or a permanent resident of the United States.

2. A resident of the state of Illinois—

   A) Attendance at an Illinois school

   Any student attending an approved school located within the state of Illinois may be considered a resident of the state of Illinois for the purposes of the Illinois Guaranteed Loan Program. This applies only to those students who are engaged in course work requiring supervised classroom instruction and would not include those students taking home study or correspondence courses from an Illinois school.

   B) Attendance at a non-Illinois school

   If a student is attending an approved school which is not located in Illinois, the following residency requirements apply:

   **DEPENDENT STUDENT** – If during the 12 months preceding the application for a loan, the applicant has (1) resided with, or (2) been claimed as a dependent for income tax purposes by, or

(3) received in excess of $600 from a parent or legal guardian, the applicant is declared to be a "dependent student" according to federal regulations. In such cases, the parent(s) with whom the student resides must be a resident of Illinois.

**INDEPENDENT STUDENT** – If none of the three conditions described in the above paragraph, "Dependent Student", has occurred during the 12 months preceding the application for a loan, the applicant is declared to be an "independent student" according to federal regulations. In such cases, the student is considered to be a resident of the state of Illinois if he has resided in the state for at least six consecutive months in some capacity other than that of a full-time student.

3. A full-time student.

## Loan Amounts

**Yearly Maximums:** Freshman year – $1,000; Sophomore year – $1,500; Each academic year thereafter – $2,500
*(Minimum Loan: $150)*

**Total Maximums:** $10,000 *(Undergraduate borrowing limited to a total maximum of $7,500)*

## Cost of Loan

**WHILE THE BORROWER IS IN SCHOOL** – The annual percentage rate of interest is 7%. However, if the borrower and his family can demonstrate financial need (in accordance with federally prescribed formulas which measure the family's financial resources), the federal government will pay the accruing interest on the borrower's behalf. All other borrowers must make arrangements to pay such interest as it accrues.

**DURING THE REPAYMENT PERIOD** – The annual percentage rate of interest remains 7%, and all borrowers must pay this interest as it accrues during the repayment period. *(Note: Some loans disbursed prior to December 15, 1968, were eligible for partial payment by the* federal government *of interest which accrues during the repayment period.)*

## Repayment of Loan

The student must contact the lending institution within five months after ceasing full-time study to arrange for the repayment of his loan. Payments of not less than $30.00 per month must begin nine months after graduation or cessation of full-time study. The usual repayment period will be approximately 60 months (unless such a repayment period would result in a monthly payment of less than $30.00). However, the lender may offer longer repayment schedules (up to 120 months) if the amount borrowed and the borrower's circumstances would indicate a longer repayment period.

## Deferment of Repayment

A student is eligible to have the principal portion of any required payments deferred if he returns to full-time study at an approved school, or if he is serving in the armed forces, the Peace Corps, or VISTA. If the borrower's loan(s) was eligible for federal payment of interest benefits *(see "Cost of Loan" above)* at the time it was originally disbursed, the federal government will pay all interest which accrues during such periods of deferment. All other borrowers must make arrangements to pay such interest as it accrues even though the principal payments are deferred. (The lender may, at his option, extend repayment deferments to borrowers in the case of family illness, financial hardship, return to part-time study, etc., if the lender judges the borrower's circumstances to warrant such deferment. Borrowers must make arrangements in all cases to pay accruing interest on such deferments.)

## Approved Schools

Most colleges, universities, schools of nursing, and many vocational and technical schools are eligible. Generally, any public or private educational institution located in the United States (and some foreign countries) that offers at least a one-year program of study leading to a degree or employment in a recognized occupation is eligible. To be eligible a school must be approved by the United States Commissioner of Education and the Illinois State Scholarship Commission.

## Approved Lenders

A listing of approved lenders is available upon request from the IGLP office. Most banks, savings and loan associations, and credit unions in Illinois are potentially eligible for approved status. Approved status in the program does not require the lender to honor every loan request submitted to it.

ILLINOIS GUARANTEED LOAN PROGRAM
OPERATIONS REPORT TO DECEMBER 31, 1973
(FIRST LOAN GUARANTEED AUGUST 22, 1966)

## Student Loan Applications

| | |
|---|---|
| Number of Students | 142,672 |
| Number of Loans | 240,849 |

## THE OFFICE OF INFORMATIONAL SERVICES (OIS)

Scene at October, 1973, College Fair, sponsored in Chicago by the National Association of College Admissions Counselors. Over 15,000 parents and students participated in the Fair, where OIS staff organized and conducted a series of financial aid seminars, and helped to man a financial aid information booth.

The Office of Informational Services was established within the Illinois State Scholarship Commission in May of 1971. The office is located in Chicago's "Loop," at 203 North Wabash, Room 1600, and is the first and only ISSC branch office in the history of the Commission. The office is staffed by three professional workers and two full-time secretaries, with limited part-time student help.

The activities of OIS are many and varied, but all of them reflect the major purposes of the office, which are:

1. to communicate opportunities for financial assistance that are available to Illinois college-bound youth who have financial need;

2. to assist school and community counselors by providing them with information, application materials, and in-service training in the use of ISSC programs and services;

3. to provide assistance and support to the other divisions of ISSC in their efforts to serve Illinois residents.

Specific activities of the office are summarized under each of these purposes in the following paragraphs.

### Communicating Opportunities for Financial Assistance

Over 40% of OIS worktime is devoted to the general promotion of ISSC programs and services [illegible] seminars and conferences which are directed at various segments of the Illinois public through visits to schools, colleges, and community agencies; through aggressive use of the news media; and through a variety of innovative

outreach efforts designed to supplement the other approaches described.

Cognizant of the need for more information about financial aid resources other than those directly controlled by ISSC, OIS staff have made a special effort in all of their promotional activities to articulate the availability of aid from other state sources, and from federal and institutional sources, and to show how these various programs relate to and are distinct from the Commission's offerings. This more comprehensive approach toward communicating opportunities actually works to insure the use of ISSC programs among students who have exceptional financial need and who could not afford to attend college with only the assistance provided by the ISSC.

OIS staff assumed the primary responsibility for organizing the agency's annual financial aid seminar series in the fall of 1972 and 1973. These seminars were held throughout the state for the purpose of informing school and community counselors about ISSC programs and services, and about general developments in the area of college financial aid. These seminar series were manned by professional staff from all of the ISSC divisions, with OIS staff serving as presenters and coordinating staff travel and housing accommodations during the six weeks of meetings.

The following comparative history of ISSC seminar attendance since 1969, the last year for which accurate records are available, illustrates this agency's improving ability to reach and inform growing numbers of counselors of all types about the Commission's offerings. The most recent and most noticeable expansion in the area of community counselors (counselors from outside any school system such as employees of various state and federal social service agencies, church groups, and youth workers in private organizations) is a direct result of OIS outreach efforts into previously underserved communities.

| Category of Participants | 1969 | 1970 | 1971 | 1972 | 1973 |
|---|---|---|---|---|---|
| High School Counselors/Administrators | 1,000 | 869 | 986 | 1,186 | 992 |
| Representatives from Post secondary Institutions | ... | ... | .. | 101 | 208 |
| Community Counselors | ... | ... | ... | 119 | 247 |
| TOTALS | 1,000 | 869 | 986 | 1,406 | 1,447 |

During 1972 and 1973, meetings for interested parents and students were also incorporated into the seminar series as a means of augmenting the local efforts of school and community counselors in Illinois communities outside of the Chicago metropolitan area. During 1972 over 2,000 parents and students took advantage of this opportunity for direct interaction with agency staff. The number dropped to 1,000 in 1973 because of reductions in the number of seminars held throughout the state.

In addition to our regular seminar series, OIS staff have run a special series of "open seminars" in the Chicago office for local school and community counselors who were not able to participate in the fall series. Each year these highly informal small-group discussions have attracted an average of 150 participants from northeastern Illinois.

Outside of Commission-initiated seminar activities, OIS staff have also participated in a number of major conferences and meetings that were sponsored by other agencies and organizations throughout the past year. Principal among these have been two Student College Interview Sessions, which were sponsored by the National Scholarship Service and Fund for Negro Students on behalf of minority high school students in Illinois, and the annual College Fair of the National Association of College Admissions Counselors, which attracted over 15,000 participants in October of 1973. In addition, OIS staff cooperated with the U.S. Office of Education in

conducting Basic Educational Opportunity Grant Program training sessions for Illinois school, college, and community counselors, and in disseminating information about the Basic Grant Program throughout the state. Over 15,000 BEOG applications were made available to the Illinois public during the summer of 1973 as a result of staff efforts, with the result that many citizens of this state were among the earliest applicants to this new federal program of grant assistance.

Seminars represent the most expensive and time-consuming aspect of the ISSC's outreach efforts, and we are constantly challenged to identify the most suitable times and locations where these meetings can be held throughout the state, and to make it as convenient as possible for our various publics to participate. OIS staff have spearheaded both long-range and short-range planning in this area, and are continualy working to insure at least a periodic agency presence in northwestern, central, and southern Illinois.

The major ISSC seminar efforts are seasonal, usually occurring in the fall, but OIS staff are involved in numerous meetings throughout the year, which are executed in the course of visits to schools and agencies throughout the state. Over the past year OIS staff have conducted over 120 visits to Illinois high schools and colleges, and nearly 100 visits to community agencies. Most of the agency visits have been made in connection with the Community Outreach Program (COP), a network of community-based counseling contacts which serve low-income youth throughout the state. This program of visitations has significantly extended our outreach capabilities beyond the annual seminar series and has brought staff into direct contact with over 9,500 parents and students.

In recent months OIS staff have had many important opportunities to discuss ISSC programs and services on Illinois radio and television broadcasts, and a special effort has been made to make fuller use of these media in our promotional activities. During 1973, staff appeared on 12 radio and television shows, making presentations which ranged in length from 15 minutes to one hour and which were directed at thousands of Illinois residents. Information is also being shared with local newspapers on a frequent basis, and efforts have been made to release information to high school and college newspapers whenever appropriate.

### Assisting School and Community Counselors

The school guidance officer is the major source of counseling information for thousands of high school youth in Illinois and across the nation. As such, the demands upon his time and energy are tremendous. He is the main contact point for every opportunity which might be addressed to students in his school, and he is expected to keep abreast of them, despite the rapidly changing nature of education in America today. In addition he is frequently called upon to perform tasks which, at best, have only a tangential bearing on his counseling responsibilities, so that he must work extra hard to avoid a reduction in his professional services to youth.

In recent years, the growing importance of financial aid to college-bound youth and the frequent lack of accurate and timely information about existing aid opportunities have only served to further complicate the life of the school guidance officer. ISSC staff have always made available to counselors in each Illinois high school supplies of information and application materials for use among young people who wished to participate in our programs and services, but since the mechanics of applying for financial aid have generally become more complicated in recent years, ISSC staff have felt the need to provide the school counselor with more intensive support on matters related to financial aid.

In addition to help received from the in-school counselor, each year thousands of candidates for college admission and financial aid receive their primary motivation toward higher education from counselors in social service agencies of various kinds. Hence, the establishment of the Community Outreach Program, through which nearly 3,000 individuals and agencies are kept abreast of developments in the area of college financial aid.

In recognition of the importance of these two groups of counselors, each has been assigned a full-time coordinator in the Office of Informational Services. The Coordinator of School and College Services relates most

closely with in-school counselors and college personnel, while the Coordinator of Community Services works with participants in the Community Outreach Program. Each coordinator spearheads information dissemination activities for his counselors, plans and executes in-service programs, and gathers feedback which can then be passed on to other ISSC staff for use in program planning, or on to the Commission for consideration in policy making.

Fifty percent of OIS worktime is devoted to non-seminar activities which are designed to be of direct benefit to Illinois counselors and the young people they serve. Over the past year these activities have included:

- publication of The Messenger newsletter four times each year, as a means of keeping counselors current on financial aid developments. Subscriptions to the newsletter are available upon request by anyone who advises prospective college students about financial aid opportunities.

- publication of the Illinois College Handbook, a reference tool which summarizes for the busy counselor essential admission and financial aid information about Illinois institutions of higher learning approved for participation in the ISSC Monetary Award Program. The Handbook was made available to 4,000 school and community counselors during 1973. This is the third year in which ISSC has undertaken the publication of this popular book.

- publication of the Directory of Non-school Agencies, a reference document for use by colleges seeking recruitment contacts in local communities, and an important vehicle for intercommunication between school and non-school counselors.

- the development of a special series of audiovisual aids (slides and overhead transparencies) for use by school and community counselors as they work to publicize ISSC programs and services among local youth. This "Money for College" audiovisual tool has been made available, without charge, to nearly 2,000 school and community counselors throughout the state.

- the conduct of a two-day Educational Resources Conference for participants in the ISSC Community Outreach Program in September, 1973. The conference attracted community counselors from all over the state for the purpose of bringing them up to date on developments in financial aid, admission, job placement, and career counseling.

Even when OIS activities do not directly involve the school and community counselor, they support him indirectly by reducing the need for general information among the parents and students he is charged with serving, thus enabling him to spend more time on major counseling problems.

### In Support of Other ISSC Divisions

In conducting its promotional activities, OIS is actually communicating information on behalf of the Division of Scholarships and Grants and the Illinois Guaranteed Loan Program, which are not staffed to publicize the benefits they provide on the scale on which such publicity is needed. Hence, insofar as the goals of ISSC are concerned, OIS is a supportive entity to these two major divisions, though its particular work objectives and its methods of implementing those goals are often initiated independently by OIS staff and carried out with agency-wide approval.

In addition to answering phone and written inquiries on behalf of these divisions, and assisting them in the dissemination of application materials, OIS staff also assist in the design of applications and informational publications, help in evaluating the effectiveness of agency procedures on the publics we serve, and represent these divisions both at public meetings and through the news media. During the past year OIS staff have also developed plans for the translation of key ISSC informational materials into Spanish.

## HIGHLIGHTS

### Programs/Activities

1. **Monetary Awards** – In 1973-74 a total of $54.1 million was invested in 72,250 financially needy undergraduates to assist them to attend the Illinois college of their choice. Since 1958, the ISSC has made 373,308 monetary awards totaling $253.46 million. Two-thirds of these awards and 70% of the total dollars have been made in the past four years. Since 1966-67 (the past seven years) there has been an annual average growth of 9,000 additional awards and $6.9 million in award dollars. By type institution, the following percentages of all full-time equivalent undergraduates were assisted by ISSC in 1973-74: private senior, 39.4%; private junior, 47.4%; public senior, 25.5%; public community, 10.2%; all schools, 23.8%.

2. **Special Awards** – The ISSC has responsibility for the following categorical awards: (1) payment of tuition for veterans at Illinois public community colleges, (2) bilingual scholarships/grants, (3) dependents of POW/MIA and disabled veterans if condition developed since 1960, (4) dependents of policemen, firemen, and correctional workers killed or permanently disabled in line of duty, and (5) matching dollars to scholarship dollars voluntarily contributed by students at Illinois public senior universities.

3. **Office of Informational Services** – To better communicate opportunity for financial aid to all financially needy students, especially those from minority/poverty backgrounds, a special office and new efforts were begun in May, 1971. Located in the downtown area of Chicago, this office has, in three years, accomplished the following: direct contact with over 800 community based volunteers (nonschool) working with youth; a newsletter keeping all co-workers with youth informed of the variety of educational aid programs; a speakers' bureau of aid experts; and a special effort to work with other state agencies (i.e., Department of Public Aid) to coordinate all the state's efforts in more nearly reaching the goal of equal educational opportunity. A new audiovisual resource library is a recent development of this office.

4. **State Scholars** – To personally and publicly recognize academic excellence, the ISSC annually names about 15,500 scholars from approximately 800 of the Illinois public and nonpublic secondary schools.

5. **Guaranteed Loan Program** – By January 2, 1974, the Illinois Guaranteed Loan Program had provided $264.0 million to 143,000 Illinois residents since its inception in 1966. About $36.0 million is lent annually by Illinois banks, savings and loan associations, and credit unions to students attending approved colleges, universities, and specialized vocational and technical schools throughout the country. During 1973, 54% of the loans were guaranteed to first-time borrowers, and the average loan during this period was $1,278.00. As of January 1, 1974, approximately 41% of the students were in school, 39% were in repayment, 16% had totally repaid, and 4% had defaulted.

6. **Claims and Collection Activity** – Since 1969, the Claims and Collection Department has functioned as an integral part of the Illinois Guaranteed Loan Program. The Department has been charged with the primary responsibility to prevent defaults, when possible, to collect monies from individuals whose accounts were repurchased, because of our guarantee agreement, and to coordinate the claims and collection activity with the federal program of reinsurance. Currently, one-half of the claims received from lenders are resolved prior to the necessity of repurchase with state funds. By January, 1974, approximately $1.0 million had been collected from these repurchased accounts.
